Captain William J. Morani, Jr.  
Vice President  
Environmental Management Systems  
300 Elliot Avenue West  
Seattle, WA 98119

Re: **Notice of Termination under Cruise Ship Wastewater GP for Holland America  
Westerdam**

Dear Capt. Morani:

In 2008, the *Westerdam* was authorized to discharge wastewater in Alaska under the Large Commercial Passenger Vessel Wastewater Discharge General Permit (GP) No 2007DB0002.

On May 15, 2009, the Alaska Department of Environmental Conservation (DEC) received your letter stating that itinerary and waste management factors now allow the *Westerdam* to sail in Alaska without discharging gray or blackwater. Holland America has requested a Notice of Termination for the vessel.

Effective today, DEC has terminated authorization number 2007DB0002-0016 for the *Westerdam*. This ship is no longer allowed to discharge wastewater in Alaska. Please send us a discharge monitoring report (DMR) for this ship for the month of May 2009.

If you have any technical questions concerning this notice of termination, please contact Denise Koch at [denise.koch@alaska.gov](mailto:denise.koch@alaska.gov) or (907) 465-5312.

Sincerely,

Denise Koch  
Cruise Ship Program Manager
